ACCELERATING THE MOMENTUM

**Analytics
Operating System**

Major Investments in
Apache Spark

Since the Spark Technology Center opened in June 2015:

- #2 contributor to Spark
- Major focus on SparkSQL
- SystemML accepted in incubator in November 2015
- Introducing Stocator to open source

Cockpit

In-car camera

Steering wheel

Steering angle
Throttle position
Shift up and down

Suspension

Shock travel
Shock temperatures
Anti-rollbar position
Weight distribution
Vibrations

Brakes

Brake caliper temperatures
Brake caliper position
Brake pressure

Battery

Volts
Temperature

Transmission

Clutch pressure

Tires

Corner loads
Bearing temperature
Wheel speeds
Tire pressures
Interior and surface temperature
